

## Knowledge Base

### View and Edit Assets

Last updated on May 11th, 2023

#### View and Edit Assets

To see your list of assets, navigate to **Inventory & Assets**, and **View/Edit Assets** page.

Assets  Add Refresh Actions ▾

Name ▾	Origin	No. Instances
Computer Equipment	Xero	1
Office Equipment	Xero	1
Test	Application	0
Work Van	Application	0

Records to display on page:  ▾

All your assets will be shown in the list, showing their origin and the number of instances of each asset class.

Note, for fixed assets sourced from Xero, the name of the asset shown on this page will be the “Asset Type” from Xero.

To see individual instances of these asset types:

- Click on the row of the asset, then
- Click on Instances tab

---

Next: [Importing and Exporting Asset Data](#).
